# WINE BY THE BOTTLE

Wine is nothing if not enjoyed in the company of others. At its base level, it is simply fermented grape juice, but what a magical thing that wine transcends its physical form. At its best, it is a unique expression of millions of years of geological and anthropological events, all culminating inside your glass. Beyond its physical beauty, wine has a spirituality and mysticism which allow it to bring people together, whether in a business deal, a birthday celebration, or a reunion of long parted friends. On behalf of the entire Reserve Wine and Food team, I am very pleased to be the place where you have decided to bask in the beauty, romance, and fun of whichever wine you may choose, and we are all deeply grateful to you for allowing us to share the wonder of this beverage with you.

Sincerely,

**PATRICK JOBST**

## CHAMPAGNE

*No wine is as celebrated or as celebratory as Champagne. Situated on a sliver of limestone and sand across the North of France, a unique production method was developed.*

Secondary fermentation in the bottle, creating bubbles, initially happened as an accident. Bottles would explode for seemingly no reason, puzzling the monks who were primarily drinking the wine. With advances in science leading to stronger glass for bottles, as well as greater understanding of fermentation, Champagne eventually embraced its sparkling identity. Today, there are large negociant companies and small growers who are both producing spectacular versions of this delightful, regional specialty. It truly is impossible not to have a smile on your face while sipping Champagne!

## NAPA VALLEY

*A relative newcomer when compared with the fine wine regions of Europe, Napa Valley made its presence felt in a massive way with the 1976 Judgment of Paris tasting, in which wines from California stood toe to toe with great wines of France in a blind tasting.*

Since then, Napa has cemented its status as a premier wine growing region, creating some of the best Cabernet Sauvignons, Pinot Noirs, Chardonnays, and Zinfandels on the planet. Napa's winegrowers promote a spirit of innovation, fearlessly pushing limits to unknown heights, and the wine is better for it! Unapologetically hedonistic, these wines are in it for the long haul, drinking deliciously now, as well as 20 years in the future.

## BURGUNDY

*Celebrated by sommeliers and aficionados, Burgundy brings both history and mysticism to its wines. Known as the birthplace for both Pinot Noir and Chardonnay, cultivation of the vine dates back over a thousand years.*

During the heights of the Middle Ages, the Benedictine monks realized that there were several exceptional sites for wine grapes. Today, those sites are many of the Premier and Grand Cru vineyards that have risen to astronomical fame. The Cote d'Or, or "Golden Slope" is a peaceful countryside, but the weight of the place is felt through the seriousness of the wine produced there. The vigneron are more in touch with their soil and their grapes than perhaps anyone in the world, and it shows through the intoxicating and exhilarating wines that simply leave you speechless.

## BORDEAUX

*Bordeaux is, quite simply, the very first fine wine region as we know it. In the world of wine aristocracy, few places can boast the credentials and grape varieties of this area that used to be a swamp.*

When the swamp was drained by Dutch settlers in the 1600's. Underneath the marsh lands, they found soils that suit the flagship grapes of Bordeaux, Cabernet Sauvignon and Merlot. A favorite of many noted wine connoisseurs, including Thomas Jefferson, Bordeaux has cemented itself as a premier region, producing powerful, long lived reds, and delicious whites as well.

## PIEDMONT

*Sangiovese may be the most planted grape in Italy, but Nebbiolo is its most singular. Nebbiolo takes its name from the local word nebbia, or fog, and its greatest expressions are from the small towns of Barolo and Barbaresco.*

While the towns have a peaceful and beautiful Italian countryside feel, brooding in the vineyards is a grape that simultaneously exudes power and delicacy. Historically the preferred wines of Renaissance Italian royalty, the aging ability and complexity of the wines endures to this day. One of the epicenters of Italian wine and food, Piedmont represents the perfect balance of humility and power, producing aromatic wines that are delicious now, and will be for years to come.

## PIEDMONT

*The Willamette Valley is a relative newcomer to the fine wine scene, with the first Pinot Noir vineyards being planted in the mid 1960's. However, due to dedicated farmers, a mosaic of soil types, and distinct and delicious wines, the Willamette Valley is producing stunning examples of Pinot Noir, Pinot Gris, Chardonnay, and others.*

Quality is only improving, but the future is bright for a region which has found its stride rather quickly, and is showcasing its talent, largely with a difficult grape variety in Pinot Noir. A run of beautiful vintages has wine drinkers drooling over the prospects of the age-worthiness of the wines. And, with an eye on quality as an entire region, the Willamette Valley will only continue to grow in prestige among those in the world of wine.
